Hollywood gossip, but off the presses

THAT '70s GLOW!

Ashton and Mila didn't get together off screen until he and Demi Moore split and she and Macaulay Culkin were over.

Feeling groovy from the altar to the after party! "Guests kept saying they have never had so much fun at a wedding before," reveals a source.

Mila & Ashton Married At Last!

THEIR CHEMISTRY WAS CLEAR FROM THE MOMENT THEY STARRED TOGETHER, AND NOW THEY'VE MADE THEIR REAL-LIFE LOVE OFFICIAL.

THERE were fireworks of the romantic kind this Fourth of July for **Ashton Kutcher** and **Mila Kunis**, who tied the knot in a hush-hush ceremony at the aptly named Secret Garden at Parrish Ranch, a verdant spot in Oak Glen, Calif. "It was an incredibly beautiful wedding," a source close to the newlyweds tells *Star*. "Mila looked radiant, like a fairy princess."

While fans of *That '70s Show* may have felt the couple were destined to wed since 1998, when they first shared the small screen as Kelso and Jackie, Ashton, 37, and Mila, 31, didn't start dating

until 2012. Ashton popped the question before his divorce from **Demi Moore** was final in March 2013, and Mila had begun wearing her massive engagement ring a month earlier. She was also pregnant with daughter Wyatt Isabelle by then.

This past holiday season, the pair punked social media and the press, implying that they might've already been man and wife, with Ashton posting a Happy New Year message on Facebook from the Kutchers. Then, in March, Mila coyly told *Late Late Show* host **James Corden** "maybe" when he asked if they'd gotten hitched.

Well, "maybe" was then, and "definitely"

is now! The duo exchanged "I do"s outdoors in front of an intimate assembly of only their closest friends and family, with Wyatt looking adorable in a lace dress that mirrored Mom's. "It wasn't a typically formal Hollywood affair," says the source, "Guests even got their own private teepees on the grounds to get ready in — such a cute idea and very typical of Ashton and Mila. They wanted guests to let their hair down and have fun — and everyone did." For the most part, it was wild, swingin' party — but there was a sweet side too. Says the insider, "Ashton got really teary-eyed during the ceremony!" ★

Exes and ohs: Scott and Chloe looked very much on again in Monaco.

IT'S OVER! KOURTNEY DUMPS SCOTT

THE FATHER OF THREE THROWS AWAY HIS RELATIONSHIP FOR A STEAMY GETAWAY WITH HIS EX.

AFTER years of enduring his hard partying and flings, **Kourtney Kardashian** has finally ditched her bad-boy baby daddy, **Scott Disick**. For months, *Star* has been revealing Scott's various infidelities, most recently his romp with a brunette coed in NYC and a similar affair with an Arizona college student a few weeks before. But it was his reunion with old girlfriend **Chloe Bartoli** that finally brought down his and Kourtney's nine-year relationship.

On July 2, reality star Scott was photographed groping his ex in Monte Carlo, but while Kourtney was heartbroken to see the photos, she wasn't surprised: *Star* has learned that she actually dumped

Scott back in June when she caught him texting his stylist ex, but rather than fight for his relationship, Scott decided to hole up in the South of France with Chloe instead.

So why now, after

so many years of infidelity, did Kourtney throw in the towel? Insiders say that while the eldest Kardashian sister made peace with Scott's other dalliances, his ex was the one person who drove Kourtney "insane" with jealousy. "Kourtney *hates* her," explains the source. "And the fact that he's been so brazen about being out with Chloe means it's really over with Kourtney."

Scott dated the L.A.-based stylist, who counts **Nicole Richie** as a client and **Jared Leto** as an ex, while on a break from Kourtney prior to son Mason's birth. So while Scott and Chloe were reigniting their old flame, Kourtney spent her Fourth of July celebrating her own independence. A friend says she has dumped Scott's belongings into a guest bedroom and wants "absolutely nothing" to do with him romantically. "The most important part of Kourtney's life are her kids, so as long as they're happy, she says she will be fine," adds the insider. "But Kourtney is devastated. She can't believe Scott turned to his ex. It's her worst fear and a huge slap in the face." ★

THE OTHER WOMAN:
CHLOE BARTOLI

Scott and Chloe didn't seem to care who saw them getting touchy-feely...

KOURT
KICKS HIM
OUT!

Australian model and actress **Ruby Rose** has become Hollywood's latest girl crush, thanks to her portrayal of felon Stella Carlin on season three of *Orange Is the New Black* — and insiders say playing a bad girl isn't much of a stretch for her.

"Ruby is close with one of the biggest club owners and drug lords in Sydney," says a friend who partied with her last year. "I've seen her at his bashes, and there are always drugs around. She was a total party animal — there were some wild nights."

Another source, who worked with Ruby at Sydney Fashion Week, said that the brooding beauty may not always walk the line. "The production team let it slip that Ruby was partying before the event and acting sluggish during interviews," said the tipster. "It was really obvious!" ★

RUBY'S HARD- PARTYING PAST

PLAYING

CARA ON CURFEW!

Cara Delevingne is 22 going on 15. After the model indulged in a few too many late nights out on the town, producers of her upcoming film *Suicide Squad* have put the social butterfly on a strict curfew. "There were complains from hair and makeup because she'd arrive late and exhausted, leaving them with a hell of a job trying to get rid of dark bags under her eyes," an insider tells *Star*. "Now she has to be in her hotel by midnight, and a production assistant even calls her room to make sure she's there and alone." Accustomed to her unrestricted, champagne-soaked lifestyle, Cara found the edict a "kick in the teeth," reveals the on-set informant. "She was shocked when she was told to start taking better care of herself," the source added. "To her, getting to bed at 2 a.m. is an early night, but her movie bosses don't agree!" ★

STAR SPOTS THE STARS

★ **Ja Rule**, celebrating his son's 15th birthday at STK Downtown in NYC.

★ **Patrick Schwarzenegger**, knocking back shots at NYC's Bounce Sporting Club.

★ **Rihanna**, parting at Blind Dragon in Hollywood after the BET Awards.

★ **DJ Tony Martinez**, spinning at the SpyChatter app launch in L.A.

★ Miss New York USA **Thatiana Disla**, getting coiffed at RPZL Hair Extension & Blow Out Bar in NYC.

In addition to a face-lift (or two!) *Star's* expert believes Nicole has had a neck lift to stave off the dreaded "turkey waddle."

RYAN GOSLING I NEED FRIENDS!

Ryan Gosling might want to put *I Love You Man* in his Netflix queue. Insiders say that the hunky actor is in desperate need of a crew! "Ryan is only close to a handful of friends he met in high school, and **Eva [Mendes]** thinks it's totally weird," says a source. "He hasn't made any close friends in 20 years!" The 34-year-old hottie hasn't even bonded with the **Georges** and **Leos** of Hollywood. "He's simply not interested in their hyperpublicized lifestyle," explains the insider. "He may be one of the biggest heartthrobs on the planet, but Ryan is a loner and pretty awkward! He kind of drives people in the other direction." ★

★ Star COUPLES

The latest hookups and makeups

The couple enjoyed complete privacy at Mel's three-villa estate (right), which can be accessed only by private jet or helicopter.

Rosalind is younger than five of Mel's eight children.

**BACK
IN THE
SADDLE!**

Meet Mel's SECRET GIRLFRIEND!

The short-tempered millionaire finds (young) love again.

HOLD your horses, **Mel Gibson** fans: the star is off the market! Sources say the 59-year-old actor has been quietly romancing former world champion equestrian vaulter **Rosalind Ross** for the past few months. But who is this brunette beauty, and how did she meet her much-older man?

Rosalind — friends call her Rosey — began training as an equestrian vaulter (a sport that combines dance, theater and acrobatics on horseback) at age 9. In 2010 her team, the Free Artists Creative Equestrians, became the first U.S. team

to win gold at the prestigious World Equestrian Games. Despite her success, Rosalind left the sport behind to pursue a degree in writing, literature and publishing at Emerson College. The newcomer earned a spot on the 2014 Young & Hungry List, which highlights the top 100 on-the-rise writers to hit the Hollywood scene.

Insiders say Mel was first introduced to Rosey, who has penned an episode for the canceled TV series *Matador*, when she signed on to cowrite a feature script for his company, Icon Productions. He has become so smitten with the 24-year-

old that, on June 16, Mel whisked his new leading lady away on an 11-day vacation to Central America. "They started their romantic getaway in Costa Rica, hiding out in Playa Barrigona, where he owns a 500-acre tropical sanctuary in the middle of the jungle, before heading to Panama," says the source. "It's clear the two of them are really happy together."

And yet, friends say the divorced father of eight is looking to take things slow. "Mel hasn't had the best luck with the ladies," says a pal, "and he's in no rush to turn his relatively new romance into a high-profile affair." ★

Jen & Chris “STILL ENJOYING EACH OTHER’S COMPANY”

Despite reports of **Chris Martin** and **Jennifer Lawrence**’s conscious uncoupling, sources close to the Oscar-winning actress are adamant that the low-key couple are still very much together. On June 21, the Coldplay frontman, 38, was photographed strolling arm in arm with sexy Australian singer **Kylie Minogue**, 47, in London’s Hyde Park after her performance earlier that evening, but a pal says he assured Jen that there was nothing going on. “Jen was a little annoyed by the pics,” the source reveals, “but it was honestly more of a hit to her ego. At the end of the day, she believes they’re just friends.” Jen and Chris, who were spotted spending Fourth of July weekend together in NYC, “have always been a casual thing,” adds the insider. “They enjoy each other’s company, but they agreed in the beginning to take things slow and not so seriously, on account of their busy schedules.” Jennifer, 24, has her plate full filming *X-Men: Apocalypse* in Montreal, while Chris’ music career has him racking up quite a few frequent flyer miles. “They’ve never put too much pressure on labeling their relationship,” says the source. “Don’t be surprised when they pick back up right where they left off.” ★

Jon & Jennifer

IT’S OVER

Say it ain’t so! After 16 years together, **Jon Hamm** and girlfriend **Jennifer Westfeldt** are going their separate ways. “The relationship just ran its course,” says a source close to the couple. In fact, the once inseparable duo haven’t been photographed together since January, before Jon entered a 30-day rehab program for alcohol abuse. But it wasn’t the 44-year-old star’s addiction that brought on the breakup — it was Jon’s reluctance to start a family with the 45-year-old actress. “I don’t have a driving force to have a baby,” the actor has previously said. “That said, I’m in a committed relationship, and if it ever came up, I’m not ruling it out.” However, sources say he did just that. “Jennifer realized that she and Jon don’t want the same things,” says the pal. “So they agreed that it was time to take a step back.” ★

Iggy
**CALLS OFF HER
ENGAGEMENT!**

Iggy Azalea’s Great Escape world tour isn’t the only event she’s canceled this year. Insiders tell *Star* the 25-year-old Australian rapper has also called off her upcoming nuptials to NBA player **Nick Young** after British TV personality **Donatella Panayiotou**, 31, confessed to having a long-distance affair with the 30-year-old L.A. Lakers star. “Iggy feels absolutely betrayed by Nick,” says a pal. She’s even unfollowed her former fiancé on Instagram in light of his womanizing ways. But there’s one thing this pretty girl won’t do: return her enormous \$500,000 yellow-diamond engagement ring! “As of now, Iggy’s keeping the rock he gave her,” reveals the source. “She’s been publicly humiliated. Nick owes her.” Fancy that! ★

Tamsin Egerton are “beyond thrilled” to be expecting their first child.

Kristen's Girlfriend TAKES CHARGE

As the saying goes, never mix business with pleasure — but try telling **Kristen Stewart** that! According to insiders, KStew's former personal assistant turned live-in girlfriend, **Alicia Cargile**, is in complete control of the actress' life. "At first, Alicia was just reading over Kristen's scripts, helping her make decisions for movie roles," says a pal. "Now she makes sure Kristen's bills are paid, arranges their dinner plans and even answers Kristen's phone!" And while this level of, um, devotion might scare off most people, Kristen is more than happy to let her girlfriend take the reins. "She gets completely overwhelmed when she's working on set," explains the source. "With Alicia around, Kristen can just concentrate on her acting." And it certainly seems to be working. In February, the 25-year-old became the first American woman to win a César, France's equivalent of an Oscar, for her supporting role (ironically, as an assistant) in *Clouds of Sils Maria*. But before this sweet setup turns sour, perhaps KStew should start searching for an employee who can actually put in for overtime! ★

Kylie & Tyga

PLANNING A SURPRISE WEDDING?

The invitations are in the mail — for **Kylie Jenner**'s 18th birthday party, that is. However, sources tell *Star* the reality star's famous family is worried sick that the birthday girl might celebrate the Aug. 10 milestone by eloping with boyfriend **Tyga**! "They're watching Kylie like a hawk," says a close family friend, because this wouldn't be the first time one of **Kris Jenner**'s daughters ran away with a bad-news boyfriend. In 2000, a 19-year-old **Kim Kardashian** snuck off to Las Vegas and married music producer **Damon Thomas** in a secret ceremony. "Kylie worships Kim and wants to be just like her," says the source. "She thinks eloping would be fun and outrageous. She enjoys the attention and likes causing a little trouble." Everyone from **Khloé Kardashian** to **Caitlyn Jenner** has tried to talk some sense into Kylie, begging her not to rush into anything with the 25-year-old rapper, but she refuses to let anyone tell her what to do. "If Kylie chooses to marry Tyga, no one is going to be able to stop her," frets the source. ★

Back in 2006, **Channing Tatum** and **Jenna Dewan** were just dancers when they met on the set of *Step Up*. But after five years of marriage, Channing's superstar status is putting a serious strain on the relationship. "This is definitely Channing's time to shine, but Jenna is getting tired of playing the supportive housewife," says a source. "Her role these days is essentially looking after their daughter, Everly, and she's really starting to panic over her languishing career while she watches Channing churn out critically acclaimed performances." To make matters worse, the *Magic Mike XXL* star, 35, recently raved to *Vanity Fair* about the "supermom" and how Jenna, 34, spends "every single second [of] every single day" with their 2-year-old. While Channing does try to mention his wife's acting chops in interviews as well, sources say it hasn't helped at home or in Hollywood. Last year, Jenna's supernatural TV series, *Witches of East End*, was canceled after just two seasons, and the actress has no new prospects or projects in sight. ★

And on June 26, just hours after the Supreme Court of the United States legalized same-sex marriage in all 50 states, the *Girls* creator quickly took her beau to task, reminding him of his earlier promise. "Get on it, yo," Lena, 29, tweeted at the singer-songwriter. But insiders say the actress' very public push for a proposal might have spooked her boyfriend of three years. "Lena calling him out on social media like that certainly took Jack by surprise," says a pal. "Even though it was just a joke, he didn't appreciate her gentle nudge." And now that he has millions of people watching and waiting for him to get down on one knee, the source says, "Jack's feeling very nervous about popping the question." In fact, the 31-year-old simply responded to the tweet with a noncommittal "right on." ★

JUST A NIBBLE!

Orlando's BRAZILIAN BEAUTY

JUST the other day, it seemed as though **Orlando Bloom's** little black book was getting a lot of wear and tear. But sources tell *Star* the British actor has seriously fallen for actress **Luisa Moraes**. On June 26, the genetically blessed couple was spotted packing on the PDA — kissing and nuzzling each other at every opportunity between courses — during their hour-long date at Zooma Sushi in Malibu, before dashing off in the hunk's vintage Porsche. "It's early days yet, but there's no doubt Orlando is crazy about

Luisa," a close friend of the divorced dad reveals. "Orlando thinks she's just wonderful. He's been looking for something serious but nobody could measure up" to ex-wife **Miranda Kerr**, 32. Pals say the Brazilian stunner, 28, is the first to do so. "Miranda has given her blessing, and she's very happy that he's found someone so lovely," says the source. Of course, there's still one more person who needs to approve of the 38-year-old's new girlfriend! "Orlando is even thinking about introducing Luisa to his son, Flynn," says an insider. ★

Charlize who? Just weeks after splitting from his South African fiancée, **Sean Penn** is making up for lost time with a little help from **Minka Kelly**! On June 23,

the 54-year-old was spotted celebrating Minka's 35th birthday with the actress and a few of her friends at exclusive eatery The French Laundry in California's Napa Valley. Sources say Sean organized the fancy fête — "calling in a reservation that's almost impossible to get, even for him" — and picked up the check too. "He likes to go above and beyond when sweeping a woman off her feet," spills an insider, who says Sean first met Minka at his annual Sean Penn & Friends Help Haiti Home charity gala in 2013. "It's definitely working." But friends and family of the starlet are concerned about where this romance is going. "Sean doesn't exactly have a great track record with women," says the source, "and they're begging Minka to carefully think about taking it any further with him." ★

...*She* Used To Be A

AFTER popping up in Manhattan on June 28 to celebrate the final day of NYC's annual Gay Pride festival (and film scenes for her upcoming reality TV series), **Caitlyn Jenner** caused a sensation by going out on the town over the next few days in a succession of fabulous designer outfits that hugged her newly feminine curves and showed off miles of leg. But just as stunning is the backstory behind the blonde bombshell who was by Caitlyn's side for much of her whirlwind jaunt through the Big Apple.

The woman in question is **Candis Cayne**, a part-time actress with a handful of Hollywood film and TV roles to her credit but who's better known as a singer and entertainer on NYC's gay nightclub circuit. Insiders tell *Star* that she and Caitlyn felt an immediate attraction for each other after meeting — and, just like the Olympic gold medalist, Candis used to be a man!

"After her monumental life change, Caitlyn's ready to open up her heart again," a friend of Caitlyn tells *Star*, "and really, how could you ask for a more perfect fit as a romantic partner than Candis?" ▶

Born Brendan McDaniell in Maui, Hawaii, Candis attended Henry Perrine Baldwin High School (see photos), where she was active in theater groups. After graduating in 1989, she briefly moved to Los Angeles to study dance before relocating to NYC, where she performed in drag before beginning hormone treatment and, ultimately, undergoing gender reassignment surgery. “Ever since I was a child, I felt mentally more female,” says Candis.

“She’s basically been through the exact same struggles and confusion, so she’d be the perfect person for Caitlyn to lean on as she continues her journey of transition.” Besides, the friend adds, “Candis is smart, funny, talented and drop-dead sexy. I wouldn’t blame Caitlyn one bit if she fell for her.”

INSTANT ATTRACTION

Caitlyn, 65, was showered with cheers by onlookers on June 28, as she and the film crew for her upcoming reality TV series, *I Am Cait*, relaxed in the PH-D Rooftop Lounge at the Dream Downtown hotel. Soon, Caitlyn would be showered with attention by Candis, 44 (born Brendan McDaniell in Hawaii; see above), who was performing at PH-D.

“Candis dedicated the song ‘I’m Every Woman’ to Caitlyn from the stage,” an eyewitness tells *Star*. “And after her performance, she and Caitlyn laughed and flirted together, with Candis rubbing

her shoulder seemingly nonstop. At one point, Candis pulled Caitlyn to one side and they got lost in conversation for 10 minutes, just the two of them.

It was obvious they had terrific chemistry.”

That became clear in the following days, as Caitlyn and Candis were spotted together around NYC — shopping, dining by candlelight, partaking in spa treatments and even heading out to catch a Broadway show. “Candis is an icon in the LBGT (lesbian, bisexual, gay and transgender) community, and Caitlyn has known about and admired her for years,” says Caitlyn’s friend. “I’m not surprised at all that she would jump at the chance

MAKING HISTORY

Candis became the first transgender actor to play a recurring transgender character on prime-time TV in 2007, when she landed the role of Carmelita Rainer — the mistress of married New York attorney general Patrick Darling (Billy Baldwin) — on the ABC series *Dirty Sexy Money*.

for them to spend some quality time together. And I’m sure Candis feels the same way about Caitlyn.”

A SHARED STORY

Just as Caitlyn has bravely opened up about her identity crisis through the years, Candis — who splits her time between Manhattan and Los Angeles — has talked about enduring the same heartbreaking problems when she was a young boy growing up in Hawaii.

She says that as a child she “felt

mentally more female,” she says. “When I was 7, I used to play with my twin cousins, who were a boy and a girl, and with my twin brother [Dylan], and I used to think, ‘Why wasn’t I born like that?’”

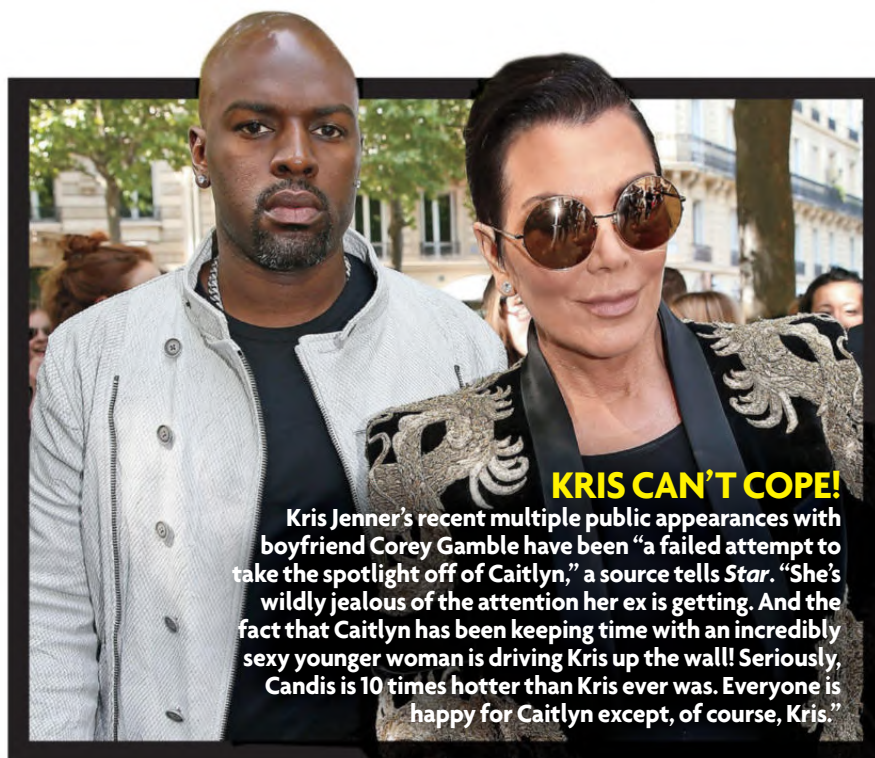

After moving to NYC in the early 1990s, Candis — who admits she didn’t know “what a transsexual was” before then — performed in drag but still felt unfulfilled. After returning home one night, she recalls, “I was unhappy, and I couldn’t figure out what was wrong. I sat in front of a mirror and looked at myself, and I realized that I wanted to grow as a woman and not as a man.” She began her transition the very next day, starting with hormone therapy consisting of estrogen shots and pills. “As soon as I started my transition, I felt like a teenager again,” says Candis. “I had my first love and had my heart broken, and I dated. That’s when my life officially started.” As to the question of whether she finished gender reassignment surgery, Candis has stated: “I am complete. You can take that any way you want.”

Which makes a prospective romance between Candis and Caitlyn all the more intriguing. Despite public speculation that Caitlyn may not be “complete,” sources say she has, in fact, undergone total gender-reassignment surgery. And although

Caitlyn told **Diane Sawyer** during their April interview that she’s not a lesbian but is still attracted to women — “I’m not gay; I am, as far as I know, heterosexual,” she stated — Caitlyn’s friend tells *Star*, “It’s almost as if Candis would be the ideal woman for her. They would actually make quite the groundbreaking celebrity couple.

“The bottom line is that Caitlyn finally is getting her life in order exactly as she wants it. And after what she’s come through, having that special person to lean on would be so welcome. I believe Caitlyn’s ready for that again — and Candis is a special woman.”

KRIS CAN'T COPE!

Kris Jenner's recent multiple public appearances with boyfriend Corey Gamble have been “a failed attempt to take the spotlight off of Caitlyn,” a source tells *Star*. “She’s wildly jealous of the attention her ex is getting. And the fact that Caitlyn has been keeping time with an incredibly sexy younger woman is driving Kris up the wall! Seriously, Candis is 10 times hotter than Kris ever was. Everyone is happy for Caitlyn except, of course, Kris.”

Ben & Jen **THEIR**

Troubled Couple

In May 2014, *Star* reported that their marriage was in trouble, as Jen could no longer trust Ben after rumors of his affairs emerged and he was kicked out of the Hard Rock Hotel & Casino for counting cards at blackjack.

Single Mom

Jen is known as a doting mom to their three adorable kids, but sources say Ben came to find her straight-edge lifestyle suffocating.

EMOTIONAL LAST MEETING

AN EYEWITNESS DETAILS THE SAD, FINAL FACE-TO-FACE BEFORE THE A-LIST COUPLE ADMITTED TO THE WORLD THAT THEIR MARRIAGE WAS OVER.

HE'S one of the most dapper men in Hollywood, but on June 20, as **Ben Affleck** sat alone at a back table at one of his family's favorite haunts, L.A.'s Tavern Restaurant, sipping a glass of water, he looked anything but handsome. Wearing a wrinkled track suit and a scruffy beard, "he looked like had hadn't slept in days," says an eyewitness, who also noticed that the management wouldn't sit anyone closer than three table away from the star. Soon Ben was joined by his wife, **Jennifer Garner**, but this would be unlike the many romantic dinners they had shared there before. With her were her parents, Patricia and William, who were there to support their daughter as she told Ben exactly what would happen next.

"He sat there staring into space while Jen did all the talking," says the witness. "He was acting as though Jen had told him to 'behave himself.' Everyone else ordered food, but Ben had nothing but water, and he hardly even drank that."

The first inkling as to why Ben may have lost his appetite came the next day, when moving trucks were spotted outside his home. The day after that, Jen flew out of LAX, ditching her husband and the dad of her three children on Father's Day. It would all make sense on June 30, when Ben and Jen's publicists issued a joint statement:

"After much thought and careful consideration, we have made the difficult decision to divorce," it read. "We go forward with love and friendship for one another and a commitment to coparenting our children, whose privacy we ask to be respected during this difficult time."

BAD HABITS

The statement came weeks after *Star* reported the couple were set to split after years of therapy failed to fix their issues,

which included Ben, 42, slipping back into old drinking and gambling habits. Most recently, while Jennifer, 43, was out of town working, he ditched his daddy duties to fly to Las Vegas, where he's often spotted at high-stakes poker, pai gow and baccarat tables making bets in excess of \$100,000!

Shockingly, it was Ben who had the biggest problem with the relationship. "He was bored and wanted to have a sexier lifestyle than she could offer him," explains a source, who adds that the couple hadn't had sex in a year. "He found her Goody Two-Shoes, perfect mom façade

THEIR LAST SUPPER

"The two left in separate cars without kissing each other goodbye, like total strangers," says an eyewitness to their last meeting before announcing their split.

HAPPIER TIMES

The couple announced their divorce on June 30, a day after their 10-year anniversary. It was June 29, 2005, when the beaming pair had an intimate, romantic wedding on the beach in Turks and Caicos conducted by Jen's former *Alias* costar **Victor Garber**.

frustrating, and he fell out of love."

That irritation grew while he was filming *Batman v Superman: Dawn of Justice* in Detroit last August. "He was concerned that fans would think he would fail as Batman, so he was laser-focused," says an insider. "He became dark and angry, and he would snap at Jen. After a while he stopped taking her calls."

As he distanced himself from his wife,

rumors swirled that Ben had found solace with other women. He fought off rumors that he'd had a fling with **Blake Lively** while shooting 2010's *The Town*, and was linked with **Emily Ratajkowski**, his costar in 2014's *Gone Girl*, as well as **Anna Kendrick**, his costar in the upcoming movie *The Accountant*.

HOUSEGUEST

Despite their frigid last meeting, Ben and Jen — who do not have a prenup — appear to be moving forward amicably. In a page taken straight out of **Gwyneth Paltrow** and **Chris Martin**'s split, right after their announcement they went on vacation to the Bahamas with their three children, Violet, 9, Seraphina, 6, and Samuel 3. Ben will even keep living on the same property they share in Pacific Palisades, Calif., albeit in the guesthouse. "He'll be a part of their lives because Jen has a big heart, but she'll be the main caregiver," explains a source. "It's an odd arrangement, but one Jen is willing to make for the sake of her children." ★

Kate & Oliver's

FAMILY NIGHTMARE

On June 27, musician **Bill Hudson** used an interview with a U.K. publication to send a shocking message to the two children he shares with ex-wife **Goldie Hawn**, actors **Kate** and **Oliver Hudson**. “I say to them now, ‘I set you free.’ I had five birth children, but I now consider myself a father of three,” he told the newspaper. “I no longer recognize Oliver and Kate as my own. I would ask them to stop using the Hudson name.... [Oliver] is dead to me now. As is Kate. I am mourning their loss even though they are still walking this earth.”

Even for a Hollywood family, the disownment seemed particularly melodramatic, like something from a 19th-century novel. And while the statement smacked of finality, it was really just the latest chapter in a civil war the celebrity family has been waging in the media for decades — and it has

left both Kate and Oliver haunted by their parents’ divorce to this day.

BAD BLOOD

Bill, 65, was reacting to an Instagram that *Nashville* star Oliver had posted on Father’s Day: a picture of himself, Kate and Bill from 1984 with the caption: “Happy abandonment day...” For years, Bill has claimed that Goldie, 69, alienated Kate and Oliver from him as he tried to maintain a relationship with them. He even wrote a tell-all book in 2011 about his experiences with his former family, claiming his superstar ex had had affairs with many men, including her *Shampoo* costar **Warren Beatty**. “I had to divorce her,” he said in 2000. “She cheated on me while I was on tour.... I came home a day early and walked in on Goldie in bed with French actor **Yves Rénier**.” He also accused her of snorting cocaine on their second date and of being more focused on her career than on their children during their marriage.

When they split, Goldie courted public sympathy by playing the part of a spurned wife left alone with two small children, and her story was bolstered when Bill impregnated, then married *Laverne & Shirley* actress **Cindy Williams** in 1982.

No Love Lost

“Kate and Oliver aren’t surprised by Bill’s recent comments,” says a family insider. “As far as they are concerned, he is merely their mother’s ex-husband — someone who was never there for them and refuses to let go.”

Bill claims the exes maintained a civil relationship at first — until Goldie began dating **Kurt Russell** in 1983 and began to push Bill out of their kids’ lives.

Still, Bill continued to see Oliver and Kate every other weekend — until Goldie started taking them away on frequent trips and eventually moved them to Colorado part-time, making it difficult for their dad to visit. Other times, Bill said, she would flat-out refuse to let him see or talk to the kids. “I never walked away,” Bill insisted in his recent interview. “I wanted to be a father to Kate and Oliver, but Goldie made it harder and harder for me to see them. It’s all about control.”

After years of fighting over visitation, Bill gave up, he claimed, because it was too difficult to battle a star of Goldie’s magnitude. “I will honestly regret that decision until the day I die,” he said in 2011.

THE VICTIMS

Whether Bill actually “abandoned” his children or Goldie purposefully kept him away from them, Kate and Oliver have clearly been scarred by the situation they’ve lived through. Kate, 36, has been vocal through the years about how Bill was never there for her — comments Bill has refuted — and shut him out of her life long before Oliver, 38, did. In turn, Bill has lashed out at his daughter in the press, calling her “a spoiled brat” and blaming Goldie’s influence for her relationship failures, which include a 2006 divorce from musician **Chris Robinson**, the father of her son **Ryder**, 11; bed-hopping from **Owen Wilson** to **Dax Shepard** to **Lance Armstrong** to **Alex Rodriguez**; and a 2014 split from musician fiancé **Matthew Bellamy**, with whom she shares son **Bingham**, 4. “I love Kate,” Bill said in 2011, “but she has done stuff which is just awful.”

Bill insists in his tell-all book that he wanted desperately to reconcile with his children but then goes on to trash his daughter and former wife. “Kate and Oliver are sick of how he’s always bashing them and their mother and trying to justify his terrible past behavior,” says one of Kate’s pals.

As for Goldie, who has remained largely silent on the family turmoil, she thinks Bill isn’t worth her kids grieving over. “Goldie doesn’t respect Bill or care about what he says,” Kate’s friend notes. “She says his comments aren’t true and that her children are on her side. That’s all that matters to her.” ★

Mom Of The Year

The unflappable Duchess kept smiling throughout the day's events — even when Charlotte cried as Kate carried her into the church.

Fit For A Queen

The infant princess is fourth in line to the British throne, behind Charles, William and George.

Charlotte's Big

WILLIAM'S MINI-ME

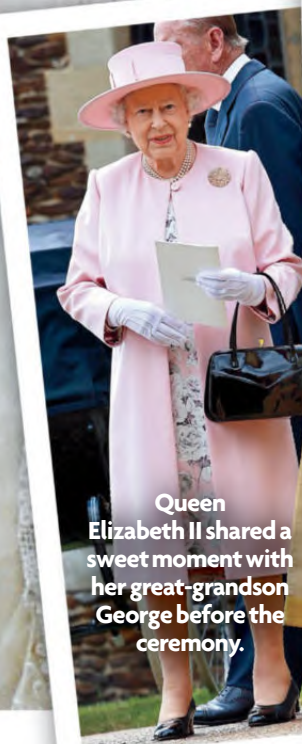

**William

**George
2015**

George's outfit was almost identical to the one a 2-year-old William wore to the hospital to meet newborn brother Harry 31 years ago.

Queen Elizabeth II shared a sweet moment with her great-grandson George before the ceremony.

Proud grandpa (and Charlotte's namesake) Prince Charles walked in the family procession.

Gusting winds caused Charles' wife, Camilla, to suffer a Marilyn Monroe moment.

Family Ties

After the service, Kate waved to well-wishers as she pushed Charlotte in the carriage — the same one Queen Elizabeth wheeled her sons around in — while William held a tired Prince George.

MAKING her first official appearance, in front of thousands of cheering well-wishers, Princess Charlotte Elizabeth Diana made a stylish entrance to her July 5 christening in a vintage carriage pushed by her glamorous mom. The 9-month-old wore the same gown — a lace replica of the one worn by Queen Victoria's daughter in 1841 — that her big brother, Prince George, had at his own christening not two years ago.

Charlotte's parents, **William and Kate, Duke and Duchess of Cambridge**, made sure the royal event, held at St. Mary Magdalene church in Sandringham, England, was an intimate affair. In addition to **Queen Elizabeth II, Prince Charles**, and Kate's parents, **Michael and Carole Middleton**, the small group of guests included the infant's newly named godparents — three of the couple's oldest friends and a cousin from each side of the family. Noticeably absent was William's brother, **Prince Harry**, who was in Africa doing wildlife-conservation work. "It was such a shame that Harry wasn't there," says a royal source. "But he sent a gorgeous gift and a message, which they read to Charlotte before the ceremony."

William's late mother, Princess Diana, was also sorely missed on the special day, but her presence was strongly felt. In addition to choosing Diana as one of Charlotte's middle names, William and Kate chose to baptize their daughter at the same church where Diana was christened in 1961. And one of Charlotte's godparents, Laura Fellowes, is the daughter of Diana's sister, Jane. "They did everything they could to make it feel like William's mum was a part of the ceremony," the insider says. "He wishes she could have been there."

Of course, it was George, almost 2, who stole the show as he waved to the crowd and played with the giant stroller's wheels. "I think people were more excited to see little George than anyone else," an onlooker said. "He's so cute." Outside the church after the ceremony, however, the tot — clearly tired from the day's events — began to cry. William and Kate tried to comfort him, then Dad picked him up and carried him back to the Queen's nearby home, where the royal family retired for a private celebration with tea and cake. ★

When **Pippa Middleton** arrived at the church in a white dress that bore a shocking resemblance to Kate's, the crowd started buzzing. "It was strange," says an eyewitness. "No one knew if she did it on purpose to upstage Kate or if it was just an embarrassing accident." And this wasn't the first time Pippa stole her sister's style: The white ensemble she wore to George's 2013 christening was nearly identical to Kate's too! "She always looks fantastic, perhaps even better than Kate at times," the eyewitness added. "But this habit of hers is starting to seem rude rather than cute!"

No Hope

"Lamar loves Khloé dearly, but other than a few phone calls, she's kept her distance," a friend tells *Star*. "I think he's finally come to grips with the reality that they're through."

Star Exclusive

Lamar Admits: **"I'LL NEVER, GET KHLOE BACK!"**

IT'S TOTALLY OVER BETWEEN KHLOÉ KARDASHIAN AND HER ESTRANGED HUBBY, LAMAR ODOM. WHO SAYS SO? HE DOES!

AFTER all the reports of his partying, drug use and cheating... after all the months that have gone by since he and his wife separated... after all the times they seemed to be on the verge of a reconciliation... it appears **Lamar Odom** has finally come to the realization that he and **Khloé Kardashian** are history. Ironically, it comes at a time when the former basketball star is taking serious steps to get his life back on track.

Lamar, 35, has been spending time at the Las Vegas home of a former pro boxer-turned-personal trainer in a bid to change his destructive habits and rein in his ballooning weight. But whatever positive fixes Lamar can make to his exterior, his broken heart over his broken relationship with Khloé, 31, seems to be beyond repair. "I really messed up—she doesn't want anything to do with me," Lamar has admitted. "We can't work it out, and I feel so stupid. There's no way I'm ever getting her back."

KHLOÉ'S TV CON

As *Star* has previously reported, Lamar's multiple affairs and problems with crack cocaine addiction led Khloé to file for divorce in L.A.

Superior Court on Dec. 13, 2013, after more than four years of marriage. The divorce has still not been finalized, leading to speculation that the duo would reconcile at some point.

Khloé has added fuel to those rumors on *Keeping Up with the Kardashians* by claiming she still loves Lamar and alluding to the possibility that they could get back together—despite the fact that, since their split, she's dated baseball star **Matt Kemp**, rapper **French Montana** and former basketball star **Rick Fox**.

"She's moved on with other guys," Lamar sadly pointed out. A friend adds, "The Kardashians are aware that Khloé's unfinalized divorce has been of interest to their fans and is a good plot device for their TV ratings. But I think Khloé's hints on the show that she might be open to a reconciliation only gave Lamar false hope—and he does feel used, in that respect."

And while it's been reported that Khloé

ON THE REBOUND

Ex-pro basketballer Lamar may finally be getting serious about getting back into shape, after he was spotted recently (right) with two pals, including pro boxing champ **Zab Judah** (near right), following a workout in Las Vegas. A source tells *Star* Lamar has also been under the guidance of boxer-turned-trainer **Fareed Samad** and has been spending time at Fareed's home (below) in the gated Las Vegas community of Rhodes Ranch. "The security here is extremely tight," says the source. "Every visiting guest has to have their name given to the entrance check-in in advance. Lamar hasn't had any celebrity pals or party gals visit him while he's been here. He's been all business."

JUNE 26

Fareed

James & Khloé

SHE HAS A TYPE

Weeks after being seen out on a date with ex L.A. Laker **Rick Fox**, Khloé spent the July 4 weekend in Las Vegas, where she was repeatedly seen coying up to Houston Rockets star **James Harden**.

called Lamar to console him after the recent back-to-back drug-related deaths of his longtime friends Jamie Sangouthi and Bobby Heyward, Lamar reveals that he needed her physically by his side in those dark days. "It really hurt; she was always there to support me, and now she's gone," he lamented.

MANNING UP

While Lamar may be down in the dumps over the reality of his dwindling chances of getting back together with Khloé, he is taking steps to improve his health after packing on the pounds in the past few months, as recent photos indicate.

Star has learned exclusively that Lamar has been taken under the wing of personal trainer **Fareed Samad** and is spending time at Samad's home in a

luxury gated community in Las Vegas (see sidebar, above). "Lamar has been a real gentleman in the time he's been here," a local source tells *Star*. "I know it's been a real tough time in his life, but he's been friendly and very mellow whenever anyone's said hello to him. He's also been spotted working out at the community gym, and he's even played basketball with some of the young children in the neighborhood."

Lamar's friend adds, "He realizes he still has a lot to live for, including being a better father to his kids, Destiny and Lamar Jr. [with ex-girlfriend **Liza Morales**], even if he and Khloé never get back together. He really seems to be on a mission to finally get his health together—because he knows the consequences are dire if he doesn't."

Star LOOK GREAT, FEEL GREAT

With Nora Tobin

SUMMER Shape-Up!

BEACH BODY Bikini season is here, and that means we get to flaunt that strong, sexy stomach. Summer also means BBQs and sunset cocktails (not exactly swimsuit-friendly), but there's no need to eliminate all the fun elements that make up this special season. Just counterbalance them with a few simple substitutions and additions. These food swaps, fitness moves and beauty tips will leave you feeling fit and fabulous. Not to mention, you will still get to indulge — without the bulge!

THE EXPERT: NORA TOBIN

Nutrition specialist, editor for *Shape* and *Sports Illustrated* magazines and fitness consultant for Four Seasons Hotels

MOVE OF THE WEEK PLANK WITH LEG RAISE

This dynamic move deeply engages the entire core to flatten out the stomach while strengthening and toning the buttocks. For an added bonus, perform this exercise on an unstable surface, like a paddleboard or Bosu ball. The instability will force the muscles to work harder to balance, giving you a great caloric burn and toning up the body even faster.

How To: Come into a straight-arm plank with wrists under shoulders and feet hip-width apart. Draw belly button up and in, and engage the legs: Lift right leg up to hip height, keeping hips level and core strong. Lower the leg and switch sides. Keep the torso still throughout the entire exercise. Perform 10 reps on each side.

BEAUTY TIP OF THE WEEK GORGEOUS GLOW

The sun can give us a beautiful bronze glow, but it can also cause the skin to dry. The best way to get your vitamin D fix (which has major benefits to your health) while keeping your skin luscious is with an ultrahydrating sunscreen. Look for a cocoa butter sunscreen, which will deeply moisturize the skin while providing broad spectrum protection. Your skin will glow all season long!

→ SELF/LESS

In this sci-fi thriller, an extremely wealthy businessman (**Ben Kingsley**) with only a few months left to live pays for an experimental procedure: His consciousness will be transplanted into a young-adult male body created in a laboratory. He emerges from the procedure in the form of **Ryan Reynolds** — but the scientist (**Matthew Goode**) who conducted the operation hasn't told him everything. Suddenly, this transplant finds himself on the run from mysterious people who are trying to keep him under their control, for a very good reason. No

spoilers here, but let's just say that this particular model may have had more miles on it than he was led to believe. It's an intriguing premise — that you can move your memories, personality and everything else that constitutes human awareness — from one human vessel

to another. It raises all kinds of interesting questions, but they are never addressed in this movie. It quickly sheds any pretense of being thought-provoking and settles for a typical run-and-gun action movie. It's fun to watch Reynolds channeling the quietly imposing Kingsley, but it's not enough to elevate this disappointing story beyond generic gunplay and hand-to-hand action.

LONG STORY SHORT:

An interesting idea is squandered on an overly familiar plot.

Ben Kingsley

MOVIES

→ MINIONS

As entertaining as the animated *Despicable Me* and its sequel were, the main characters had to compete with the scene-stealing Minions — those little yellow characters with arms, legs, eyes and bib overalls. Now we get an origin story about the Minions themselves. But while the Minions were a tasty little treat that broke up the story and provided random silliness in those films, these almost nonverbal characters at the center of the story don't hold up for a full movie. The film opens with a bit of history: Minions emerged from the sea as life evolved from water to land to be servants to any evildoer they could find. That eventually brings them (or three of them: Kevin, Bob and Stuart) to the late 1960s, when, before they worked for Gru (**Steve Carell**), they were servants of the wicked Scarlett Overkill (**Sandra Bullock**). She sends the Minion trio to steal the crown jewels of England; instead, Bob accidentally becomes king. The slapstick action feels exhausting and frantic instead of exhilarating and fun. Kids may laugh, but their parents will be checking their watches.

LONG STORY SHORT: You *can* have too much of a good thing.

ENTRY FORM

There are plenty of hilarious flashbacks where you see Leary as a party-loving lead singer at the height of his debauched rock stardom.

→ SEX & DRUGS & ROCK & ROLL

Premieres Thursday, July 16, at 10PM on FX

Denis Leary stars in this new comedy series as Johnny Rock, an '80s-'90s rocker so erratic that he sabotaged himself every time superstardom beckoned. Now he's struggling to make ends meet — until the grown daughter he barely knows, **Gigi (Elizabeth Gillies)**, shows up, sporting a killer voice. She bears a grudge against Johnny for his inattention — but she loves the songs he wrote in his prime with his ex-partner **Flash (John Corbett)**, who's now the lead guitarist behind **Lady Gaga**. So Gigi wants them to write songs for her and their old band to back her. Can this musical marriage be saved? Leary also does a lot of writing for this series, which not only uses bad behavior to create laughs but also has a razor-sharp wit about the rock 'n' roll world. At one point, asked to stay clean in order to write songs, Johnny says, "Name one group that writes good music without using drugs," to which Gigi replies, "Coldplay. **Morrissey**." "I rest my case," comes his retort. It's wickedly fast and viciously funny. ★★★★★

→ 7 DAYS IN HELL

Premieres Saturday, July 11, at 10PM on HBO

Andy Samberg and **Kit Harrington** star in this delicious mockumentary about a supposedly vicious tennis rivalry that ended in a legendary Wimbledon match that went on for seven days. Samberg plays Aaron Williams, adoptive brother of **Venus** and **Serena** and a onetime pro-tennis meteor, until a tragedy chases him out of the game. Harrington is the wonderfully dim Brit who casually slags him off — and motivates Aaron to come out of retirement, where they meet in a round at Wimbledon that seems as though it will never end. There are cameos galore, including **Mary Steenburgen**, **Will Forte** and

Howie Mandel, as well as **Chris Evert**, **John McEnroe**, **Serena Williams** and even magician **David Copperfield** as themselves. It's just

silly enough to keep you giggling all the way through, right up to the surprising conclusion. ★★★★★

Andy Samberg (above) and Kit Harrington, who's best known for his role as Jon Snow on Game of Thrones.

→ MARRIED

Premieres Thursday, July 16, at 10:30PM on FX

The delightful **Judy Greer** and always-funny **Nat Faxon** return as stressed, barely coping Gen-X parents who find their day-to-day marriage challenged by the demands of modern life. With two kids and not quite enough money, it's a juggling act, made more difficult by their own feelings that there should be more to life than just trying to keep your head above water. And yes, this is a comedy. It isn't afraid to be rude or outrageous when you least expect it. It also features a great supporting cast, including **Jenny Slate** and **Paul Reiser** as their married friends (with issues of their own). But it's the chemistry between Greer and Faxon that really propels this show, capturing the kind of love/hate dynamic at work in even the best marriages. If you aren't watching, you should be. ★★★★★

StarSCOPE

for the week of July 13–July 19

BENEDICT CUMBERBATCH
Turns 39 on July 19

By Jennifer Angel

CANCER JUNE 21–JULY 22

Get ready for a bright new start — love, work and money can all come through for you. At home or the office, don't get involved in a power play — few things in life are worth getting truly upset about.

LEO JULY 23–AUG. 22

Although life comes with its challenges, there is nothing you can't overcome. Be ready to give a helping hand to family members. What happens now could upset the status quo — stay the course.

VIRGO AUG. 23–SEPT. 22

The contacts you've built over years are loyal — a testament to your friendship and leadership. To keep the bank balance looking healthy, work with others.

LIBRA SEPT. 23–OCT. 22

Your career is a hotbed of activity right now. You can forge ahead, but be prepared to drop old baggage. For love to move forward, build a deeper connection.

SCORPIO OCT. 23–NOV. 21

Career development can happen, and a situation you thought was dead and buried may be resurrected — keep an open mind. A love affair that's intellectual and romantic will hold your attention.

SAGITTARIUS NOV. 22–DEC. 21

You are a great networker; get out there and use your skills to lock down an opportunity. When you mix the personal with business, you can be lucky in both.

CAPRICORN DEC. 22–JAN. 19

Work is always on your mind, but passion and romance distract now. Sometimes it is more fun to take a backseat and let someone else make the plans.

AQUARIUS JAN. 20–FEB. 18

Your personal relationships are valuable for work — after all, people do business with people they like, admire and respect. This is a perfect time to look for love, as someone special could be near.

PISCES FEB. 19–MARCH 20

Love and romance are very much on your agenda. A new or renewed relationship can take you on a magical journey — enjoy! Buy don't get too serious for now. If you hit a roadblock at work, find a way to get around it.

ARIES MARCH 21–APRIL 19

Everything seems interconnected now; as soon as you make a decision in one area of your life, it alters another. Don't be rash, but you may have to act quickly. Remember past love lessons and keep the lines of communication open.

TAURUS APRIL 20–MAY 20

A move or development at home and with family could set a solid foundation for the future. If you want to grow your bank account, be prepared to learn new skills; the more you know, the more in demand you will be.

GEMINI MAY 21–JUNE 20

Money matters are on your radar, but don't be talked into anything you aren't completely comfortable with. To embrace something new you may need to let something go. Make time for a sensitive chat with a loved one.

(b) Primates acting human.
- 7.** Which classic TV rerun do you enjoy more? (a) *I Love Lucy*. (b) *Seinfeld*.

MOSTLY A: Hello, sunshine! You love laughing over things wacky and unique. Your humorous nature is totally awesome, and people can't help but enjoy your company. That sort of energy is contagious! Your motto: Laugh, and the World Laughs with You. You like slapstick humor.

MOSTLY B: You enjoy comedy, but it takes a bit more than most people to tickle your funny bone. You may sometimes take things too seriously, but then your spontaneous and playful side kicks in and puts you in a better mood. That balance is a great thing to have. Give yourself a pat on the back. Comedy that complements you best is dry humor.

WHAT CAUGHT OUR EYE THIS WEEK...

In a nod to *Gone with the Wind*, Michelle's new home is known as the Tara of Prospect Park South.

* Really?

Michelle and daughter Matilda will move into this Victorian-style manse — huge by land-strapped Brooklyn standards — which was built in 1901. As Michelle says of the house, "I love living somewhere that feels like the suburbs but is near an express train."

Michelle Williams' BROOKLYN MANSION

The house boasts 18 rooms, including this massive rotunda.

One of eight fireplaces and many chandeliers.

This Asian-style bedroom may need some updating.

Matt's

TALL TAIL

What would Jason Bourne say? **Matt Damon** had the internet abuzz after unveiling a new, longer-locks look while he was in Beijing promoting his upcoming movie *The Great Wall*. The normally short-shorn star grew his hair out for the role, prompting a new twitter account: @mattdamonpony — which at least sounds better than a man bun.

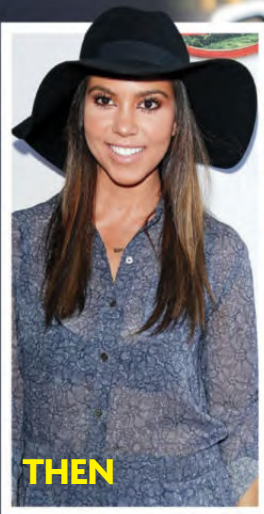

PONY BOY!

NASTIA'S FAVORITE TREATS

Olympic gold medal gymnast and *Dancing with the Stars* favorite Nastia Liukin knows how to enjoy the summer. She was spotted playing with her pup and enjoying the refreshing chocolate mint combo of limited-edition Thin Mint Nestlé Crunch Girl Scout Candy Bars!

KOURTNEY'S CHEST REVENGE!

Guess **Kourtney Kardashian** is getting ready for the single life after splitting from her cheating babby daddy, **Scott Disick**. On July 3, just three days before reports of her break from Scott emerged, Kourtney walked around Van Nuys, Calif., sporting what appeared to be a much larger chest. It's unknown whether she had implants or just a really good push-up bra, but either way she's flaunting her postbaby body. Take that, Scott! ★

Marky Mark sure has come a long way. A-list actor and producer **Mark Wahlberg** is one of the biggest stars in Hollywood, and as the hilarious comedy *Ted 2* hits theaters, Mark graces the cover of *Men's Fitness*. The in-depth article about the superfit star delves into his new movie and his greatest challenge: raising his four kids the right way. As he explains, "Our biggest worry is that we raise these spoiled, privileged kids. My son has a dirt bike; I never had a dirt bike. My son goes to private school; I always wanted to go to private school. It just wasn't in the cards." Read the whole article in the July/August issue of *Men's Fitness*, on stands now.
